Within the units, OVERT personnel write and sign Efficiency Reports on COVERT personnel and vice versa. These reports go forward through channels to the Reserve Headquarters' and to Promotion Boards. The situation clearly presents a cover/ security hazard for CIA personnel who are in a COVERT status, especially to the Career Trainees, and needs to be corrected.

3. Recommendation: That the Director <sup>for</sup> of Operations, the Director of Personnel and the Director <sup>for</sup> of Administration approve the attached Headquarters Notice and that the Director <sup>for</sup> of Administration sign the notice and release it for distribution to all employees.

☐ employees are accommodated for their military reserve unit of assignment.

2. The Agency's military reserve units are generally known as CIA units within the military reserve communities. The assignment of both OVERT and COVERT personnel to these dedicated CIA units has given rise to cover/security problems. Thus, Agency employees in a COVERT status are no longer permitted to be affiliated with CIA administered military reserve units. COVERT employees now in these CIA dedicated units will be dropped from the rolls of the units no later than one hundred twenty (120) days from date of this notice, making it the responsibility of each individual to obtain affiliation with a non-CIA administered reserve unit. OVERT employees now in these dedicated military reserve units will be dropped from their units if they enter a COVERT status.

3. To insure establishment of proper administration, all Agency military reservists, OVERT and COVERT, now affiliated with the CIA dedicated units and those affiliated with outside units will submit a Form 879, Outside Activity Approval Request, through their component, Office of Security, Central Cover Staff and Military Personnel Branch, OP requesting approvals for active affiliation and participation in the activities of their specific military reserve unit. All new candidates for active affiliation and participation in the military reserve programs will submit a Form 879 for approvals.
